

We're Dealing!

Kinetico has a **FULL HOUSE** of deals for water softeners and drinking water systems!

Now is the time to take advantage of us. We're clearing out our inventory of Kinetico 2012 water softeners and drinking water systems and have a great deal for you. Trade in any competitor's water softener or drinking water filter, even if it doesn't work, and get **\$600 off** the purchase of a new Kinetico Non-Electric Water Softener or Kinetico K5 Drinking Water Station. If you're tired of your water system that isn't working or only works part time, now is the time to deal! Give your family better water, cleaner clothes, softer hair and skin, and refreshing water, all without the expenses and hassles common with other systems.

Visit us and we'll show you our hand!
