Lake Erie College was founded in 1855 and has provided a quality liberal arts education for nearly 150 years. Our goal is to equip each student with the intellectual flexibility to succeed in today’s diverse, changing, and international marketplace. Our graduates are prepared for more than graduate school; they are ready for the intense competition of an ever-changing, global economy.

Examples of Success:
• Our Pre-Medicine graduates enjoy a 100% acceptance rate to the medical schools of their choice
• Our Pre-Veterinary Medicine graduates also enjoy a 100% acceptance rate to the Veterinary Medicine schools of their choice
• 100% of our Teacher-Education students passed the Praxis II exams for the 1999-2000 academic year

We are told that talent creates its own opportunities, but it sometimes seems that hierarchies are the real thing. We test that premise with our curriculum of academic inquiry, critical thinking, and creativity. Our academic environment recognizes the value of a shared intellectual experience and the strength of diversity. This apparent paradox is the essence of our academic life.

All of our graduates share a Liberal Arts core experience. While selecting their specific fields of study, our students will explore ancient literature, modern thought, and differing world-views. During their four years at Lake Erie College, our students combine this intellectual reasoning with our career-oriented majors to build a unique and valuable experience. The proof of this value is demonstrated through our...
