

“What do you make - COR”
Good News - Middlefield - 6.5” x 8”

We are a Bank, so

What Do We Make?

You think of a **bank** as a service institution, right? But we are in the **“making”** business. Look at what we make:

<p>We make homeowners with our mortgage lending.</p> <p>We make business owners with large and small commercial lending and equipment lending.</p> <p>We make savers and investors beginning with youth accounts and continuing with retirement accounts.</p>	<p>We make drivers with auto, truck, recreational vehicles and industrial truck lending.</p> <p>We make consumers, giving buying power to our customers through planning, credit cards and credit lines.</p> <p>We make dreams happen through sound financial planning and advice.</p>
--	---

So what do we make in Ohio? We make a **difference** every day!
